

MariMatch @ Posidonia 2022

Athens 7, 8 & 9 June 2022

Meet new Business Partners & expand your Research & Innovation Network in the Maritime Sector

MariMatch 2022 is a forum for companies as well as Research & Innovation stakeholders from the maritime sector that are looking to initiate or expand their International network for business, technological cooperation or research partnerships at the leading international fair Posidonia 2022.

The event is being organized by the National Documentation Centre - coordinator of the Enterprise Europe Network-Hellas and co-organised by the Athens Chamber of SME's (ACSMI), the Materials Industrial Research & Technology Development Centre S.A. (MIRTEC) and the Sector Group Maritime Industries & Services of the Enterprise Europe Network. This year, MariMatch 2022 will be a hybrid event where participants will have the chance to have meetings either on-site face-to-face, or online through the b2match platform, or both.

Few events can match the concentration of international buyers that gather at the Posidonia Exhibition. For over 40 years this largest gathering in the shipping calendar has provided unique access to Greek and international ship-owners and buyers. In 2020, the pandemic and the subsequent health restrictions did not allow the physical holding of the Posidonia 2020 exhibition. Nevertheless, shipping professionals managed to unite through the eMariMatch 2020 event, which was held within the "Posidonia Web Forums Week". Thus, the participants had the opportunity to arrange online meetings and chat via video calls. The eMariMatch event was attended by 178 participants from 28 countries and over 220 online meetings were held.

Who should attend?

The event is targeted at companies, clusters, International decision-makers as well as Research & Innovation stakeholders from the maritime sector looking to cooperate in the following areas:

- Shipbuilding, repair & conversion
- Shipyard technologies and equipment
- Green shipping
- Electronics, communication & navigation
- Mechanical and Auxiliary systems
- Transport logistics / Ports
- Maritime services
- Maritime safety & special equipment
- Maritime security
- Marine Research, Development & Innovation
- Marine bio-economy

Why participate?

MariMatch at Posidonia 2022 provides a unique opportunity to establish new cross-border contacts as well as a very effective International forum for meeting potential business partners and exploring all kinds of cooperation possibilities. It offers:

- Added value to your trade fair participation
- Access to a wide variety of relevant SMEs, OEMs, suppliers and Research & Innovation stakeholders such as techno starters, academia and research institutes

- Selection and confirmation of face-to-face meetings in advance via an online catalogue
- Focused one-to-one meetings

How to participate?

Interested companies & organisations are invited to register no later than June 2nd 2022 by submitting their profile via the website <https://marimatch-posidonia2022.b2match.io/> (click Register)
